

PRINCE EMMA-EJIKEME

Front End/JavaScript Developer

+234 916838896 | israelprince272@gmail.com | Owerri, NG | linkedin.com/in/princycodes

CAREER SUMMARY

Passionate Frontend Developer with expertise in modern JavaScript, React, and responsive web design. I specialise in crafting exceptional user experiences through clean, efficient code and innovative problem-solving. With a strong foundation in ES6+, React ecosystem, and mobile-first development, I build scalable web applications that work beautifully across all devices and platforms.

Proven track record of delivering high-quality projects from concept to deployment, with experience in API integration, version control workflows, and modern development tools. I thrive in collaborative environments and am committed to staying current with the latest frontend technologies and best practices.

EXPERTISE

HTML | CSS | SCSS | Tailwind CSS | Bootstrap | JavaScript | REACT.js | RESTful API | Responsive Design | Python | Django

TECHNICAL SKILLS

Git/Git Hub | Vs Code | Cloud computing | Webpack | NPM/Yarn | SEO Optimization | Cross-browser Compatibility | Hardware maintenance | IT support | JavaScript development | JSON

PROFESSIONAL EXPERIENCE

FREELANCE FRONTEND DEVELOPER | Remote | Owerri, NG Jan 2025 – present

Developed modern, responsive web applications for diverse clients using React, JavaScript (ES6+), and modern CSS frameworks. Specialised in creating pixel-perfect, mobile-first designs that provide exceptional user experiences across all devices and platforms.

- ❖ Built 5+ responsive React applications with 100% mobile compatibility and cross-browser support, ensuring seamless functionality across desktop, tablet, and mobile devices.
- ❖ Integrated RESTful APIs for dynamic content management, real-time data updates, and seamless user interactions, implementing proper error handling and loading states.
- ❖ Implemented modern JavaScript (ES6+) features, including async/await, destructuring, arrow functions, and ES modules, to write clean, efficient, and maintainable code.
- ❖ Maintained clean, version-controlled codebases using Git workflows with organised branching strategies, comprehensive documentation, and collaborative development practices.
- ❖ Optimised application performance through code splitting, lazy loading, and bundle size optimisation techniques, achieving 90+ Performance scores on Google PageSpeed Insights.
- ❖ Collaborated with clients to translate business requirements into technical solutions and user-friendly interfaces, providing regular updates and incorporating feedback effectively.

KEY ACHIEVEMENTS

- Built an interactive dashboard with real-time data visualization using React
- Created a food recipe website with fundamental web technologies
- Developed Progressive Web Application (PWA) with offline capabilities and service workers
- Delivered all projects on time while maintaining high code quality standards and best practices

EDUCATION

BACHELOR OF TECHNOLOGY (B. Tech) | Computer Science | Federal University of Technology Owerri
2018 – 2023

- CGPA: **4.12** – Second Class Honours (Upper Division)
- Relevant Coursework: Web Design & Development, JavaScript Programming, UI/UX Design, Digital Media Design, Human-Centred Design

SENIOR SECONDARY CERTIFICATE EXAMINATION(SSCE) | Christ the King Grammar School, Okigwe
2015 – 2018

BASIC EDUCATION CERTIFICATE EXAMINATION(BECE) | Federal Government College Okigwe
2012 – 2015

FIRST SCHOOL LEAVING CERTIFICATE(FSLC) | Excellent Foundation Christian Schools, Okigwe
2006 – 2012

INTERESTS

Open-source contributions | Modern web technologies & frameworks | Mobile app development | UI/UX design trends | Tech meetups & conferences | Reading tech blogs & documentation | Building side projects | Learning new programming languages | Community volunteering | Football & fitness
